

## 2018 PA Safety Day Conference & Exposition

### Session Descriptions - [Updated 07-10-2018](#)

Opportunity to earn DEP Contact Hours by attending annual conference

Arrive Early, Stay Late – Plan your day before the conference!

MOON on 9-20

**KEYNOTE SPEAKER: Bill Kiger & PUC Representative**

**Moon**

Pennsylvania One Call Act 287 of 1974, as amended: The Law Overview

---

#### **Classroom Jeopardy**

Equally exciting game to watch as well as play.

#### **Coordinate PA**

The next generation of utility coordination. Presented by Pennsylvania 811.

#### **Cross Bores**

Promoting Safety through Awareness. Covers the progress made in Pennsylvania since 2013, driven by PA One Call and its members, to educate and raise awareness on the risks associated with utility cross bores. Presented by UGI Utilities.

#### **Excavator Obligations**

New law major changes explained. Presented by Pennsylvania 811.

#### **Facility Owner Obligations**

New law major changes explained. Presented by Pennsylvania 811.

#### **Get it from the Source—Products and Services**

Do you know what online tools are available for your use? It's all free. Presented by Pennsylvania 811.

#### **Help Desk**

Do you have a question about our online applications? Spend time one-on-one and hands-on with a Pennsylvania 811 expert.

#### **It's Electric!**

A demonstration of the hazards associated with high voltage electricity. Presented by Duquesne Light.

#### **Locator Obligations**

Learn components of a correct mark, how to respond to a ticket and the new renotify rule. Presented by Pennsylvania 811.

## 2018 PA Safety Day Conference & Exposition

### Session Descriptions - Updated 07-10-2018

Opportunity to earn DEP Contact Hours by attending annual conference

Arrive Early, Stay Late – Plan your day before the conference!

MOON on 9-20

#### **Meet the Liaison Representative Team**

Spend time with a member of the Liaison Representative team. They can help with safety presentations at your company, questions about One Call in Pennsylvania, and can coordinate meetings between stakeholders.

#### **Meet the President**

Have you ever wondered about the wizard was behind the curtain? Come out to meet Bill Kiger, President & CEO of Pennsylvania One Call System, Inc.

#### **Pipeline & Hazardous Materials Safety Administration (PHMSA) Role Defined**

PHMSA is responsible for inspecting and enforcing the Federal and State pipeline safety regulations over 80 percent of the Nation's intrastate transmission and distribution pipelines. This session will focus on pipelines and pipeline safety and discuss the federal regulations that are aimed at reducing excavation damage to pipelines, the federal standards for excavators, and the federal penalties for violations. Also covered will be State damage prevention laws and Common Ground Alliance best practices. Presented by PHMSA.

#### **Project Owner and Designer Obligations**

New law major changes explained. Presented by Pennsylvania 811.

#### **Respirable Crystalline Silica**

Crystalline Silica is a common mineral found in the earth's crust. Workers who inhale these very small particles are at increased risk of developing serious silica-related diseases. Learn how to better protect your workers. OSHA is enforcing most provisions of this standard for construction. Presented by EnterTRAINING Solutions.

#### **Roadmap to Safety Success**

Accidents can impact your insurance costs. Learn how to customize safety program specific to the construction industry. Presented by Brickstreet Insurance.

#### **Shoring vs Shielding**

Learn the important difference between shoring and shielding to prevent unsafe conditions on the job site. Presented by Mabey.

MOON on 9-20

#### **Speed Management**

Provides an overview of the tools municipalities need to identify speed issues. Topics covered are how to conduct an appropriate speed limit study, determine the legally enforceable speed limits, how to install signs at proper locations within your municipality and how to implement appropriate solutions to manage speed issues. Presented by LTAP, PennDOT.

#### **Ticket Types Explained**

In depth discussion regarding the different ticket types. Presented by Pennsylvania 811.

#### **Trench Rescue Demonstration**

Trench Rescue *demonstration* in York and Moon.

#### **What's on OSHA's Mind When Inspections are Being Conducted?**

OSHA's latest Strategic Plan has outlined an effort to increase trenching and excavation hazards abated compared to previous years, through OSHA inspection activities and compliance assistance. Learn what are the most frequently cited excavation hazards, other hazards that lead to over 60% of the construction related fatalities, and a brief review of known activities which result in exposure to respirable crystalline silica. Presented by USDOL/OSHA.

#### **NEW! Virtual Reality Experience**

The interactive experience that allows you to enter a virtual world where you can see underground facilities that run under a virtual front yard. <https://youtu.be/7Y8SJ0eGDlg>. Developed by Common Ground Alliance (CGA). Sponsored by Sunoco Pipeline, an Energy Transfer Partnership.
